

Statements & Inferences

1. Statements: A city's municipal corporation announced that all households segregating waste into wet and dry categories will get a 15% rebate on their monthly garbage collection fee.

Which of the following may NOT be a valid reason why many residents did not avail of the rebate?

A) Many residents are unaware of the rebate scheme as it was announced only on the corporation's website.

B) Segregating waste requires extra effort and residents are unwilling to spend time on it.

C) Most residents do not care about the rebate because the fee is already low.

A) Only B B) Only A and C

C) Only C D) Only B and C

2. Statements: A mobile service provider introduced a plan that offers 25% extra internet data if customers recharge online through the company's app.

Which of the following may NOT be a valid reason why many customers did not benefit from this offer?

A) Many customers in rural areas have poor internet connectivity, making it hard for them to use the app for recharging.

B) Customers are used to recharging through local shops and are hesitant to switch to online methods.

C) Customers think online recharges are risky and they prefer paying extra for security.

A) Only B B) Only A and C

C) Only C D) Only B and C

3. Statements: A city's metro corporation introduced a special weekend pass that allows unlimited travel at half the regular fare.

Which of the following may NOT be a valid reason why only a small percentage of people purchased the weekend pass?

A) Many residents prefer using their own vehicles during weekends for flexibility.

B) The pass is available only at select metro stations, making it inconvenient for some commuters.

C) People are unaware of the scheme because the announcement was made only on the metro's official website.

A) Only B B) Only C

C) Only A and B D) Only A

4. Statements: A large bookstore introduced a “Buy 2 Get 1 Free” scheme for all fiction books, but sales did not increase significantly.

Which of the following may NOT be a valid reason for the poor response?

A) Most customers prefer e-books over printed books.

B) The scheme was launched during the annual examination period when students were busy.

C) The offer was limited to books published before 2015.

A) Only C B) Only A

C) Only B and C D) Only A and B

5. Statements: An online clothing store announced a 50% discount on all winter wear, but customer engagement was unexpectedly low.

Which of the following may NOT be a valid reason for the low engagement?

A) The sale was launched at the beginning of summer in most regions.

B) The website experienced frequent server downtime during the sale period.

C) Customers believed the quality of winter wear had dropped compared to last year.

A) Only B B) Only C

C) Only A and C D) Only A

6. Statements: A smartphone brand introduced a “Trade-in old phone and get Rs.5,000 off” scheme, but very few customers availed the offer.

Which of the following may NOT be a valid reason for the poor response?

A) The valuation of old phones was much lower than market resale value.

B) Most customers preferred selling old phones directly to second-hand buyers.

C) The scheme was available in select cities only.

A) Only A B) Only B

C) Only C D) None
