- A5. OWS Practice Sets (Based on Recent Other Exams PYQs)

Updated and Additional Content: -

- 1. **New SSC OWS:** Added new OWS from **417 sets** asked by SSC after the publication of the last edition (May 2024).
- 2. **Expanded OWS Coverage:** Added new OWS from 470 sets of other competitive exams. The 2026 edition now covers a total of 1,277 additional sets (470 + 807) from other exams since the 2023 edition.

Additional Symbols for smarter and efficient preparation: -

- 1. **#R (Repetition Count):** The #R tag, used to show how many times an OWS has been asked in competitive exams. The number **outside** the bracket shows SSC repetitions; the number **inside** the bracket shows repetitions across the additional 1,277 sets.
- 2. **Star Symbol (*):** Indicates the word has also been asked as a spelling question in SSC exams.
- 3. **Tilde Symbol (~):** Indicates the OWS has also been asked as a Synonyms or Antonyms question in SSC exams.

Blackbook's Proven Coverage:

Since the May 2024 edition, SSC and other exams asked approx. 1,294 OWS in exams, out of which 1,090 were already present in Blackbook and only 204 were new. That's an impressive **84.2% coverage rate**, powered not just by SSC PYQs but also by our inclusion of other competitive exam vocabulary.

ONE WORD SUBSTITUTION (OWS)

Introduction

One Word Substitution means replacing a phrase or a group of words with a single word that conveys the same meaning. For example, "a book written by a person about their own life" is an Autobiography. "A person who cannot pay his debts" is Insolvent. "An inscription on a tombstone in memory of the dead" is an Epitaph. Instead of writing or saying the full phrase, one word does the job.

OWS is one of the most frequently asked topics in SSC and other competitive exams. It is asked in SSC, CDS, AFCAT, DSSSB and many other exams. Since the questions are direct and fact-based, this is one of the easiest areas to score if you have prepared well.

How Exams Test OWS

The question format is simple. You are given a phrase and asked to pick the correct one word from four options. Here are some real questions from recent SSC papers:

- "*An inscription on a tomb*" Options: espionage, epilogue, epitaph, elegy. Answer: Epitaph
- "*One who is skilled and eloquent in public speaking*" Options: narrator, orator, arbitrator, magistrate. Answer: Orator
- "*A drug or other substance that induces sleep*" Options: steroid, antibiotic, analgesic, sedative. Answer: Sedative
- "*One who walks in sleep*" Options: insomniac, somnambulist, somniloquist, narcissist. Answer: Somnambulist

How to Use This Chapter

This is not just a dictionary or a list of words. Every entry in this chapter has been carefully included based on real exam data, so you know exactly what to focus on and how much attention each word deserves. Here is how to read the symbols:

#R (Repetition Count): The number in the last column shows how many times that word has been asked in SSC exams. The number in brackets shows how many times it appeared in other exams like DSSSB, CDS, AFCAT etc. For example, if a word shows **8 (2)**, it means it was asked 8 times in SSC and 2 times in other exams. Higher the #R, more important the word. Words with high repetition count should be your top priority.

~ (Tilde Symbol): If you see a ~ next to the word, it means that word has also been asked as a Synonym or Antonym in previous exams. The detailed Synonym/Antonym coverage is in a separate chapter, but this marker is here to alert you that this word carries extra weight. Do not take it lightly.

*** (Asterisk on Serial Number):** Serial numbers marked with * and written in **bold** indicate that the word has also been asked as a spelling question in SSC exams. Since the word is already covered here, it has been removed from the Spelling chapter to avoid repetition. Pay special attention to the spelling of these words.

These features are what make this book different from any other vocabulary resource available. You are not just reading a list; you are looking at real exam data telling you exactly what matters and how much. This is one of the key reasons why many toppers, including many Rank 1 holders, have preferred Blackbook as their primary source for vocabulary preparation.
